

**Eritrean Nationals Residing
Inside the Country and Abroad
Contribution to combat
The spread of Corona virus Pandemic
From the 3rd of April to the 23rd of August 2020**

When Eritreans at home and abroad, felt that the threat of the Coronavirus pandemic was creeping towards the Horn of Africa, including Eritrea, they immediately took the initiative to help what they could provide in terms of financial and in-kind assistance in order to support the Eritrean government's effort to prevent the spread of this deadly virus among Eritreans. In a short lapse of time, they were able to collect large amounts of money in various currencies, including the national currency, Nakfa. But what is more important than the money raised, is the initiative of Eritreans at home and abroad to mobilize and sensitize all their energies alongside their people and government in a creative and wonderful symphony. In the event, no wonder then, that Eritrea has not recorded any Covid-19 death until now. Moreover, Eritrea is less affected by Coronavirus, not only in Africa, but in the whole world. It is worth noting that Eritrean solidarity, in this context, is not new, because History attests that the Eritrean nationals inside the country and abroad embraced their revolution over the course of three decades 1961 – 1991. They played an active role in the eradication of Ethiopian colonialism and its associates from the Eritrean national soil and have written a historical epic.

Eritreans' contributions to fight the spread of Covid-19 from April 3 to August 23, 2020 follow: -

03 April 2020:

Members of the Central region Assembly contributed one month salary totaling 62,400 Nakfa in support of the effort to curb the spread of the novel corona virus, report indicated.

Stating that the corona virus is a global threat and that the fight against the pandemic is not to be left to the Government and the Ministry of Health alone, the Chairman of the Assembly of the Central region, Mr. Abraham Semere said that the members of the Assembly have taken the initiative to contribute due part in the effort.
